

In this newsletter you will find information on:

1. ENTOG Exchange in Poland
2. EURAPAG Training Day – contest
3. EBCOG Exam and quiz
4. PACT translations
5. One2One Exchange

Be sure to check out the new design of the ENTOG website www.entog.eu/register/ and register for the newsletter to stay updated!

1. ENTOG Exchange in Poland

The annual ENTOG Exchange is going to take place on 3rd-8th June 2019 in Poland. Traditionally, 2 trainees from each member country are invited to participate in the exchange part and should be selected by the national trainee associations.

The schedule of the ENTOG Exchange is going to be as follows:

- Monday to Thursday: exchange in different hospitals around the country
- Friday: morning workshops + Scientific Meeting entitled “Reproductive health & prenatal testing in Europe”
- Saturday: ENTOG Council with elections for the ENTOG Executive and of the host country for the ENTOG Exchange 2021

Remember that there is no limit on the number of trainees to participate in the Scientific Meeting and Council. The invitation letter with more details will be sent soon.

2. EURAPAG Training Day – contest

The European Association of Paediatric and Adolescent Gynaecology invites all trainees to participate in the international workshops that will take place on 15-16th February in Frankfurt. More details here <http://www.eurapag.com/meetings-congresses/trainee-congress-frankfurt-2019/>

For one creative trainee EURAPAG offers a free registration to the workshops. All you need to do is send a picture related to training in pediatric & adolescent gynecology until 31st of January to info@entog.eu.

3. EBCOG Exam and quiz

Test your knowledge and complete a quiz based on the EBCOG Exam questions available on the ENTOG website [http://entog.eu/quiz/!](http://entog.eu/quiz/)

The exam consists of 2 parts. Part 1 is a knowledge based exam and part 2 is an OSCE (clinical examination). Part 1 of the next EBCOG Fellowship exam will take place on 6th June 2019 in Warsaw, Poland. There is also an optional preparatory course for each part. More details are available on the EBCOG website <https://www.ebcog.org/exam>.

4. PACT translations

The European curriculum for training in Ob&Gyn is now available in many languages: English, Spanish, German, Italian, Polish, Portuguese, Russian.

The full version of the curriculum (i.e. the EBCOG-PACT – Project for Achieving Consensus in Training also known as the European Training Requirement – ETR) can be downloaded here: <http://entog.eu/pact/>.

5. One2One Exchange

Take part in our new exciting pilot project named “One2One Exchange” – host offers are now available on the ENTOG website! Visit a fellow trainee abroad or become host yourself. Applications and details on <http://entog.eu/one2one-exchange>.

The concept of the project is the same as the annual ENTOG Exchange but on an individual basis. The offers from the hosts who are willing to invite a colleague from abroad are published on the ENTOG website. Applications are possible via the ENTOG website. The dates and other conditions of the exchange are negotiated between the host and the applicant individually. ENTOG offers assistance by writing letters of support and issuing certificates. The official email address of the exchange is: entog.one2one@gmail.com.
